WHAT THE CIVIL GRAND JURY DOES

The Civil Grand Jury is Marin County's only independent watchdog of local government agencies and services. It is appointed by the Marin Superior Court to investigate and recommend improvements in the operations of the county, cities, special districts, and other local agencies. Marin's civil grand jury is composed of 19 citizen volunteers who apply to serve on it.

The Marin Civil Grand Jury operates in secret and independently chooses its own topics for investigations. The jury is free of influence from government administrators and politicians. **It is not a criminal grand jury, and it does not issue indictments or prosecute criminal cases.**

CIVIL GRAND JURY SERVICE

Jurors serve for a one-year term beginning on July 1. After being sworn in, Marin County Civil Grand Jurors receive comprehensive training on grand jury responsibilities and local governments as well as investigation and report-writing techniques. The Grand Jury organizes itself with the help of a court-appointed foreperson and chooses what local government departments and functions to investigate.

Investigations can be initiated by the Civil Grand Jury itself or suggested by citizens. Investigations into government entities often lead to the release of a public report with recommendations that must be addressed by the entities' elected officials within 60 to 90 days. The Grand Jury also may respond to complaints of alleged misconduct and mistreatment by local officials.

GRAND JURY REPORTS

Reports are issued by the Civil Grand Jury throughout the year. Marin's juries typically release 5 to 10 investigative reports each year. Past reports have covered a broad range of topics including fire protection, water supply, cybersecurity, school operations, and the operations of city and county government. HISTORY
